

THREE MEN
ARE HURT IN
QUARRY BLAST

TWO SERIOUSLY INJURED IN
DYNAMITE EXPLOSION
WEDNESDAY

AT SUTHERLIN QUARRY
Blast Occurred East Of Cloverdale;
Victims Brought To Putnam
County Hospital

Three men were injured, two seriously, by an explosion of dynamite in the Sutherlin quarry, east of Cloverdale, operated by the County Highway Department late Wednesday.

Charles D. O'Connor was the worst injured. He had a leg amputated, a crushed hand and a broken leg, when removed to the Putnam county hospital. Albert Underwood, also of Cloverdale, suffered lacerations and face injuries, while Jesse Williams Sanders, Reelsville, was cut by flying rocks.

The men were dynamiting in the stone quarry as the last part of their day's work, when one stick of the explosive failed to go off. It was in a huge piece of rock, which the men turned over, hoping the explosive charge would fall from the rock or could be removed, but instead of heeding a foreman's warning not to strike the rock, it was thought some workman hit it with a sledge and the explosion followed.

Dr. E. M. Hurst of Cloverdale rushed the men to the Putnam county hospital, where all three were treated and where it was said O'Connor's injuries were of a serious nature, while Underwood was less seriously hurt. He suffered from shock and cuts. Sanders was not seriously hurt.

There were about a dozen men working in the quarry at the time of the accident and it was considered almost a miracle that more were not hurt. It was said O'Connor was standing directly over the rock at the time of the explosion and he received the full blast. Underwood who was nearby was more or less protected by O'Connor's body. The workmen were experienced in handling dynamite as they had been using it in the quarry for the past year or more and were making some "pot" shots immediately before quitting time. The accident occurred about 5:45 and it was some time later before the men could be started to the hospital and fellow-workmen said O'Connor lost considerable blood before reaching the hospital.

TWO CLASSES PLANNED

The result of the registration for Defense Training classes which was held at the Greencastle High School building Wednesday, April 22 indicates that there is a possibility of two classes being organized.

The two classes are: 401 or 404 Engineering Drawing, 914 Engineering Mathematics.

Those who are interested in either of the above two courses should consult at once Harold Stewart, relative school vocational instructor, relative to any information concerning these courses. Mr. Stewart also was registration blanks.

PVT. SEARS TO FT. KNOX

Private Raymond E. Sears, son of Mrs. Bessie Sears, 320 N. Madison street, has arrived at Fort Knox, Ky. for his basic training course which when completed will qualify him for duty with the Armored Force, the nation's newest and fastest moving land force of the army.

For the first six weeks of the 12-week training period the men will be taught the fundamentals of soldiering. They will study the organization of the Army and Armored Force; insignias of rank; military courtesy and discipline; care of clothing and equipment; map reading and many other courses.

During the second six-week period, the men may find themselves in any one of the following companies: special training, light tank, medium tank, scouting and patrolling, mortar, anti-tank, machine gun, assault gun, reconnaissance.

East To Have
Gas Rationing

WILL GO IN EFFECT IN 17 EAST-ERN SEABOARD STATES
STARTING MAY 15TH

WASHINGTON, April 23—(UP)—The heads of five major government agencies issued a statement today announcing that a gasoline rationing program for 17 eastern seaboard states and the District of Columbia starts May 15.

Officials said the average motorist probably would not be allowed more than five gallons of gasoline a week and that it might be as low as 2 1/2 gallons. The American automobile association reported that average passenger car consumption in 1941 was 55 gallons a month, or more than 12 gallons a week.

The rationing order will affect almost 11,000,000 automobile owners in the east—about the total number outside the United States. Many of these motorists will have to use other means of transportation.

The program will affect only passenger cars. Specifically exempted are trucks and other vehicles that are readily recognized as commercial, including taxis.

Registration for rationing cards will be conducted on May 12, 13 and 14 by local rationing boards which have handled the rationing of cars, tires and sugar.

Five types of ration cards will be issued. Card "A" will be given to the average motorist upon presentation of his owner's registration card. He will then receive a ration book which will permit him to buy seven units of gasoline. The OPA said that any or all of the units may be bought at any time or in smaller quantities.

The value of units probably will be shifted according to such developments as the shipping situation. It may be four gallons one month and five the next. Hence, a person saving up units for a vacation may be pleasantly surprised or somewhat disappointed at changes.

Doctors, war workers and others whose work requires mileage greater than the average motorist will be given cards permitting them to obtain greater quantities.

MACARTHUR POSTERS

On Saturday Greencastle Boy Scouts will distribute to the members of the Greencastle Chamber of Commerce the MacArthur Week posters for display purposes. Any business man not receiving one of these posters, may obtain one from Jacob Eltel of Eltel's Flowers.

PUTNAM GRAND JURY ASSEMBLED HERE THURSDAY MORNING

The Putnam county grand jury assembled Thursday morning upon call by Judge Marshall D. Abrams, at the request of Prosecutor Rex Boyd.

The jurors visited the county house, east of the city, at noon and also planned to inspect the jail either this afternoon or Friday. Mr. Boyd said routine business would be transacted while the grand jury is in session.

Final Concert
Tuesday, May 5

HIGH SCHOOL BAND WILL PRESENT LAST PROGRAM OF SCHOOL YEAR

The Greencastle High School Band has set the date for its last concert May 5, 1942. This last concert will be the finest presentation ever given in Greencastle High School. Tickets can be obtained from any band member. Get yours now!

The band is now working on one of the most difficult numbers of the concert "Il Guarany" Overture by A. Carlos Gomez and arranged by Herbert L. Clarke.

"Il Guarany" is one of the most brilliant and popular overtures in the repertoire of the concert band. Local color is obtained by the use of Amazon Indian melodies. The themes of the overture are largely drawn from the opera itself and each has its place in the action.

LAWRENCE GIVES
INTERESTING TALK

The Greencastle Rotary Club received some valuable instruction on what to do in case Greencastle is bombed at their weekly luncheon on Wednesday.

William Lawrence, a member of the Greencastle Fire Department, showed the results of the instruction he has received at Purdue university in the field of fire fighting, in his interesting talk on the ways that civilians can cooperate and act to protect their property in case Greencastle is attacked. Mr. Lawrence laid particular emphasis on how to combat the incendiary bomb, which has caused so much havoc in all places where it has been used by the attacker. According to Mr. Lawrence, the incendiary bomb, which contains magnesium principally, should not be combatted by using water, but stressed that sand should be used to control it. In this connection he urged that everyone keep on hand in the attic a bucket of sand for this purpose.

Many visitors were present at this meeting.

REPUBLICANS HELD
MEETING LAST NIGHT

The Putnam County Woman's Republican Club held its monthly meeting Wednesday evening in the assembly room of the court house. The county chairman, Mrs. Thad Jones, introduced all the candidates.

Following the business meeting, Judge Marshall D. Abrams addressed the club on the subject "What We Are Fighting For." The Republican party represents loyal opposition and strives to do everything they can to bring to attention the most efficient managing and spending. There was a splendid attendance at last night's meeting.

RICHARD BEST IN NAVY

Recent enlistments in the United States Navy completed at the Indianapolis Navy recruiting station, headquarters for the Indiana area, included Richard Allen Best, 907 south Locust street, son of Mrs. Edna Best, same address. He is seventeen years old and enlisted as apprentice seaman. He was sent to Great Lakes Naval Training Station after taking the navy oath.

BROODER HOUSE BURNS;
CITY FIREMEN CALLED

A brooder house and chicken house belonging to Mr. and Mrs. Raymond Williams were burned to the ground about seven o'clock this morning. Mr. and Mrs. Williams live on Tennessee street.

Mr. Williams before going to work had turned the oil stove in the brooder house higher and about fifteen minutes later Mrs. Williams started out to turn it down. She noticed the fire and called the fire department. About fifty two-weeks old chickens were burned. The buildings, which were practically new, were not covered by insurance.

Annual Preaching and Worship
Conference At DePauw Brings
Splendid Speakers

DePauw University's Annual Conference on Preaching and Worship will close this evening when Miss Claire Coci, outstanding young organist, will present a full concert in the Goben Memorial church at 8 o'clock. The appearance of Miss Coci is a gift to the University from the school's chapter of the American Guild of Organists, and the public will be admitted to the performance without charge.

The last lecture session of the Conference on Preaching and Worship was held Wednesday afternoon when the assembled churchmen heard addresses by Dr. Frank S. Hickman, the principal speaker of the Conference, and Dr. Albert Beaven, president of the Colgate-Rochester School of Divinity, Rochester, New York. Earlier in the day, Dr. Oscar T. Olson, pastor of the Euclid Street Methodist church in Cleveland, Ohio, addressed the audience.

In his morning address Dr. Olson stressed the necessity of building a spiritual insight in order to accomplish anything good. The democratic system of government, he pointed out, is based on religious insight and devotion. The idea that every man—no matter how depraved—has a right to the fundamental rights of life, liberty, and the pursuit of happiness is a Christian as well as a democratic ideal. They are interchangeable and inter-dependent.

Dr. Beaven pointed out in his speech that the minister should stress the fundamental and everlasting truths of the church rather than lingering too long on temporal things. The ideal of one God should be implanted into human minds, so the race will not degenerate to the level of savages. According to Dr. Beaven, it is the place of the church to perpetuate the age-old cultures of the race and not to enter into every temporal quarrel.

The principal speaker, Dr. Hickman, made two addresses during the day. They were titled "All Things New" and "Ye Are the Body of Christ." Both addresses were based on the book of Revelation in the New Testament. People today, he pointed out, are seeking to know whether or not the present conflict is a struggle against evil and whether it will advance or deter the coming of the kingdom of Christ on earth. The peoples of the Allied Nations, he said, were doubtful as to the verity of their own struggle. "What is handicapping us worse now than the armed forces of the axis nations is our own hesitancy, our own mixed motives, our own greed and political duplicity."

He later made an analysis of the differences and similarities in the Roman Catholic and Protestant churches and concluded that the Protestant church needed a strong central authority in order to make it impregnable against the storms of (Continued on Page Two)

REV. LeMASTERS
NEW MINISTER AT
BAPTIST CHURCH

WILL ASSUME DUTIES AROUND
JUNE 1ST; COMES FROM
TOPEKA, INDIANA

HAS HAD GREAT EXPERIENCE

Rev. Davies Will Fill Pastorate During Intervening Time; Active In Civic Affairs

Rev. W. H. LeMasters has been selected as the new pastor at the First Baptist church and will assume his duties here around the first of June. Rev. LeMasters comes to Greencastle from Topeka, Indiana, where the pulpit committee visited a few weeks ago. Upon the recommendation of this committee Rev. LeMasters was invited to come to Greencastle and he was here two weeks ago for the Sunday services. Following this he was given a unanimous call by the entire church.

During the intervening time Rev. S. E. Davies will fill the pulpit.

Rev. LeMasters is a native of Greensburg, Indiana and was ordained by the First Baptist church of Greensburg in 1914. He received his A. B. degree at Franklin college in 1911 and his Th. M. degree at the Baptist seminary in Louisville in 1914. For the next three years he was pastor of the First Baptist church at Livingston, Montana.

From 1921 until 1926 Rev. LeMasters was with the North Street church in Kokomo. The next ten years he was the pastor at Liberty Center, Indiana and then went to Baker, Oregon, and then to Topeka.

He has also served as president of the Wells County and the LaGrange County Ministerial Association, and at this time is president of the Topeka Ministerial Association. Rev. LeMasters is very active in the programs of the Topeka Commercial club and plans to take an active part in the civic affairs in Greencastle.

Rev. and Mrs. LeMasters have two children, a son and a daughter, who are both married. Mrs. LeMasters is a native of Michigan and is a graduate of the Tri-State college at Angola, Indiana. She taught in the public schools for several years and enjoys working with the children and the young people of the town.

Rev. LeMasters comes to the local church highly recommended by the Indiana Baptist State Convention.

CANARY'S DEATH BRINGS
SADNESS TO CUE HOME

Regret so deeply felt that it almost amounted to real grief came into the home of Mr. and Mrs. Victor Cue, east Seminary street, the first of this week, when their little golden-clad pet, Happy, breathed her last. Happy was tiny in size, but she had a lovely voice, which she had used for most of the 22 years of her lifetime to cheer the folks in the homes in which she had lived.

Happy was a canary of the "roller" type, the kind that like to sing their melodies softly, with seldom a shrill note.

Happy came to the Cue home nine years ago, at the time of the death of Mrs. Lawrence Hammond, a sister of Mrs. Cue. The Hammonds had the little warbler six years, and, before that, she had been in yet another home—only three homes during her entire long lifetime.

"She sang in mellotones," said Mrs. Cue. "Her voice was soft, like my sister's. But radio music thrilled her and she exerted herself to the utmost at times to keep up with the music that she heard coming in over the air waves."

"The poor little thing had lost her eyesight, and was partly paralyzed, so that death surely was really a relief to her, but we sure hated to see her go," Mrs. Cue said.

Congress Awaits
President's Plan

ECONOMIC CONTROL PROGRAM
DUE MONDAY FROM WHITE
HOUSE

WASHINGTON, April 23—(UP)—Congress, jolted by the economic control program under consideration, marked time today until President Roosevelt reveals how he plans to make the effects of the war felt in every home, market basket and pocketbook.

Tax, labor, profits and price bills were all but pushed aside until the official word on those important subjects comes from the White House, probably next Monday.

Slowly, the over-all program to put civilian life on a war footing was taking shape. Although the general picture must await Mr. Roosevelt's message, these other angles were developing:

Prices—no more increases. A general price-freezing order will be announced next Tuesday and will become effective before May 1. After that the highest price charged in March will prevail on all items except for a few food products such as perishable vegetables and fruits.

Rationing—no more "joy-riding" in eastern states. Rationing of gasoline—between 2 1/2 and five gallons per week per car—begins May 15. Sugar rationing starts May 5—one half pound per week per person. Mr. Roosevelt is expected to propose eventual rationing of all consumer goods.

Taxes—the House ways and means committee's experts are preparing a new corporation tax plan which may boost the treasury's top 75 per cent excess profits tax rate to 90 per cent. Mr. Roosevelt is expected to recommend a 99 per cent tax rate on corporate earnings exceeding six per cent of capitalization.

The effect of the disclosures about the program the president is considering was best illustrated by the ways and means committee. It started yesterday to write the 1942 war revenue bill, but most members said privately that decisions now must await the President's message.

Colin E. Stam, leader of the committee's Tax experts, revealed plans for a substitute for the treasury's (Continued on Page Two)

Continue Raids

NIGHT ATTACK FOLLOWS DARING COMMANDO RAID ON BOULOGNE AREA

LONDON, April 23—(UP)—British bombing planes resumed the offensive during the night after yesterday's dramatic commando raid on the Boulogne area and strong daylight bomber-fighter raids on the Cherbourg peninsula and enemy-occupied airdromes.

A United Press Stockholm dispatch reported that watchers on the Swedish south coast saw what appeared to be two raids in quick succession in Denmark, apparently aimed at Copenhagen, shortly after midnight. They observed many bomb explosions and saw the flashes of anti-aircraft guns and searchlights.

There was heavy gun fire for half an hour from the British long range batteries along the Dover coast just after midnight. The guns seemed to be firing across the 20-mile strait.

United Press watchers reported that the firing, in two-gun salvos, lit up the sky for many miles along the coast. There was no audible airplane activity.

CITY TRUCKS TO
BE USED DURING
CLEAN-UP WEEK

MAYOR JAMES ANNOUNCES
SPECIAL SERVICE FOR
LOCAL RESIDENTS

SCHEDULE IS ARRANGED

Two Trucks Will Collect Rubbish, Scrap And Weeds In Clean-Up Campaign

Mayor W. D. James announced today that a special service will be instituted during Paint-Up, Fix-Up, Clean-Up Week, April 27 through May 2nd, whereunder each section of the city will be covered by city trucks to collect rubbish, scraps, weeds, etc. According to the plan, two trucks will be used and will operate on the following schedule:

Monday, all that part of the city north of Washington street. Tuesday, that portion of the city lying between Washington and Hanna streets or on straight line extensions running east and west.

Wednesday, that portion of the city lying south of Hanna street. Thursday same as Monday; Friday same as Tuesday; Saturday same as Wednesday.

This is the time of the year when one gets "spring fever." One of its common manifestations is the urge to clean up rubbish that has accumulated over the winter, both inside and out. The primary purpose of these campaigns has been one of beautification, but this year, everyone will realize more the importance of the health and safety angle. The removal of waste and rubbish eliminates many factors that are hazardous and that aren't conducive to healthful conditions. Then too, the consciousness of the war effort and the plea of the government to conserve things should help in finding scrap metal, boxes, paper and other materials needed in our war economy.

It is the patriotic duty of all citizens to keep their property in repair, and their places clean and as beautiful as possible. A civic awakening is contemplated, an appreciation of beauty and a wholehearted effort on a part of all to make the campaign a success.

STABILIZED PRICES

WASHINGTON, April 23—(UP)—Sometime before the end of this month you should be able to purchase virtually anything that is for sale without being told that the price has gone up.

Stabilized prices will replace the "going up" trend of recent months. The general price-freezing order to be announced Tuesday by the office of price administration will become effective almost immediately, probably on or before May 1, it was learned today. The order will, with a few exceptions, freeze retail, wholesale and factory prices of all commodities.

One draft of the tentative order provided for the freezing to take effect next Wednesday. But officials said that would be changed to give retailers and others a few days to bring prices in line with their March quotations.

The highest price charged in March will be the figure frozen by the OPA order.

DEPAUW ATHLETES WIN TRACK MEET, TENNIS MATCH

DePauw won a highly contested track meet here yesterday, the Tigers scoring 59 points to shade Rose Poly with a total of 56 points. St. Joseph's College, the third school in the triangular match collected 47 points.

DePauw's tennis team, defending Indiana Conference champions, downed the Rose Poly racquet wielders, 6 to 1.

In the track meet DePauw trailed by several points most of the way, but captured first and second places in both the broad jump and discus to shoot ahead in the closing events. Rose Poly captured six of the fifteen event, St. Joseph's annexed five and DePauw won only four, but the Tigers piled up enough second, third and fourth places to win.

PALESTINE CHURCH

The fourth Sunday of each month
the regular Baptist church of Pale-
stine has an all day meeting.

Morning service at 10:30.
Basket dinner at noon hour.
Afternoon services at 1:30. Elder
Gene Hurst of Plainfield, Indiana, is
the pastor.

Everyone is cordially invited to
come and worship with us.
Palestine church is on the old
State Road 36 about four miles east
of Bainbridge.

Monuments

We have a large stock. Several of
our cutters are in service. Due to
this shortage of experienced labor
we need more time to get work
out for Memorial Day. Order now

WHAT ARE THE AUTOMOBILE DEALERS Going to do?

HERE'S ONE DEALER'S ANSWER . . .
"We're Going To Stay"
HOW!

By doing the best job we possibly can to keep the cars in this
community running like they should run.
Certainly, we have new cars and trucks tied up by the "freeze"
order, but these units may help win the war and we are glad to
cooperate with the government by keeping them until the de-
fense program calls for them.

We want to win the war!

Our service department will do such good work that you will
want to throw us all the work your car needs. Our men feel that
you car owners need them and their skill, so we will be here
each day and if you need us we will appreciate your business, no
matter what make of car or truck you are driving.

Special Announcement

We are keeping a modern, up-to-date record system for every
lubrication point on your car or truck to insure you of the
longest and most trouble-free performance for its duration.

Completely Equipped for Service

We have recently installed hundreds of dollars' worth of service
equipment so that we could meet the emergency created by there
being no new cars.

The next best thing to a new car is your car made like new, and
our dealership is equipped to do this job — Take advantage of
our specialized service to help keep your car fit to carry on.

Come in for a free inspection

NO! We're Not Going To Quit!

We need you and we believe you motorists need our
institution and the men it employs and whose earning
help make Greencastle the best place on earth to call
home!

VFW ESSAY

How My Home Is Being Adjusted
In This National Emergency
By Jimmie Headley, Grade 8
The bombing of Pearl Harbor
made many adjustments necessary
in our home. First came a mental
adjustment to the fact that we were
at war and were being attacked.
Through discussion by the family
we were made to appreciate the
privilege we have living in a democ-
racy and being able to enjoy the
many freedoms of our country.

With the increased demand for
materials for the national emergen-
cy came the understanding that we
must not waste anything. Only by
being supplied with the most and
best materials can our army and
navy win this war. These materials
cost much money of which a great
part must be loaned by the people
to the government. By saving on
our living, our pleasure and even
necessities we are able to buy De-
fense Bonds and Stamps. I am sell-
ing rags and rubber and buying
stamps with the money. Most of the
regular savings of the family go in-
to Defense Bonds.

Another adjustment we have had
to make in our home is that of hav-
ing my father working away from
home. With the increase of business
in the community around the de-
fense plant at Clinton, came a trans-
fer for my father to that commu-
nity as assistant to the manager for
the duration of the war. My father
is in the third draft and will be clas-
sified for military service.

My mother has registered for de-
fense work and is helping with Red
Cross knitting and sewing. She is
also taking typing and shorthand so
she may be better prepared to help
if her services are needed later. Through
reading and discussion we are
increasing our knowledge of first
aid, and of what to do in case of air
raids or the dropping of incendiary
bombs.

We are eating a well balanced
diet and taking good care of our-
selves, for we realize that a healthy
America is a strong America.

Through it all we are adjusting
ourselves to the fact that our coun-
sins, uncles and father may be called
to active service, and they can go
bravely only if we are brave at home.

TWO FRENCH FILMS TO BE SHOWN NEXT WEEK

On Wednesday, April 29, at 3:45 p.
m., the Romance Language Depart-
ment of DePauw University will
sponsor, at the Voncastle Theater,
the presentation of two French
films: a short film, "France that
Fights," a Free French film made
recently in Africa, and a main film,
"La Marseillaise," connected with
the revolutionary period of French
history. This film has been banned
in all fascist countries and in both
occupied and unoccupied France be-
cause of its democratic appeal. Eng-
lish subtitles make it unnecessary to
know French to understand the film.

STOCKHOLM, Sweden, April 23—
(UP)—A Berlin dispatch to the
newspaper Tidningen said today that
all German boys between 10 and 18
years of age would be mobilized for
war effort and that those of 17 and
18 would be put under military
training.

ON SPECIAL BROADCAST

Secretary of the Treasury Henry
Morgenthau, Sr., Secretary of Agri-
culture Claude R. Wickard and lead-
ers of business and labor organiza-
tions will speak on a special broad-
cast Thursday night over the Blue
Network from 10:00 to 10:30 p. m.,
EWT. The broadcast will be devoted
to discussion of the National War
Bond quota System and the Ten Per
Cent Payroll Savings Plan. A spe-
cial guest on the program will be the
hero navy pilot, Lieutenant Com-
mander Edward Henry O'Hare, who
was promoted today from the rank of
lieutenant. Other speakers on the
broadcast will include William
Green, president of the American
Federation of Labor; Philip Murray,
president of the Congress of Indus-

INDIANA CO. NOT INVOLVED

Much criticism has been directed
at Standard Oil Company (Indiana)
and some instances of boycotting of
its products have developed as the
result of discussion in the press and
on the radio of transactions between
Standard Oil Company of New Jersey
and the German Dye Trust with
regard to synthetic rubber patents.
This criticism and boycotting are
entirely misdirected and unjust so
far as Standard of Indiana is con-
cerned. Standard of Indiana is sep-
arate and distinct from Standard of
New Jersey. The two companies
were separated in 1911 and ever
since have been operated independ-
ently of each other and to a large
extent competitively. There is no
more logic in identifying one with
